

## BEGENTLE WITH THY WIFE.

Be gentle for you little know  
How many trials rise;  
Although to thee they may be small,  
To her of giant size.

Be gentle though perchance that lip  
May speak a murmuring tone,  
The heart may beat with kindness yet,  
And joy to be thine own.

Be gentle weary hours of pain  
Tis to woman's lot to bear,  
Then yield her what support thou canst  
And all her sorrows share.

Be gentle for the noblest hearts  
At times may have some grief,  
And even in a pettish word  
May seek to find relief.

Be gentle none are perfect—  
Thou'rt dearer far than life,  
Then, husband, bear and still forbear—  
Be gentle to thy wife.

## PRESIDENT OF THE SENATE.

SENATE.—On Thursday, July 11th, Mr. Dickinson said that he proposed to make a motion which, though he knew it was strictly in accordance with the rules of the Senate, he hoped would meet with general favor. He moved that the senior Senator from Alabama, Mr. King, be appointed President of the Senate pro tempore.

Mr. Berrien seconded the motion, and briefly supported it.

The question was then put, on the motion of Mr. Dickinson, by the Secretary of the Senate, and unanimously adopted.

Mr. King was then conducted to the Chair by Mr. Dickinson and Mr. Berrien, from whence he addressed the Senate as follows:

SENATORS: Words could but feebly express the warm and gratified feelings which have penetrated my heart by this manifestation of kindness and confidence so unanimously displayed by the representatives of the sovereign States of this Union. Had it been the pleasure of my political friends to have placed me in this distinguished position, it would have been to me a source of gratification and pride. I should have felt, as I trust I shall always feel in every situation in which I may be placed, that there was imposed upon me a solemn obligation to discharge the duties of the position with faithfulness and impartiality. How much higher, then Senators, is the obligation imposed upon me to discharge these duties with the utmost faithfulness and impartiality, when I am called to this place by no political party, by no sectional feeling, but by the unanimous expression of the wishes of the Senators in Congress assembled.

While I preside here I shall endeavor to enforce mildly, but firmly, and I trust impartially, all the rules for the government of this body. I shall endeavor to supply the parliamentary law as it is laid down in the book upon every occasion, believing, as I honestly do, from long experience and observation, that it is promotive of the harmony of the body and of sound legislation. Should I err, I look to my brother Senators, in a spirit of kindness, to correct my errors. To such corrections I shall always submit with the greatest pleasure.

## THE DOG FIGHT.

The following story of a dog fight that came off once upon a time, is not slow; but it wants the ludicrous accompaniments of Pontland, the clown's voice and gesticulation, to give it its richest effect.

"Oh, pa, I just seed one of the worst dog fights as ever was seed or heard tell on in the world!"

"Well, Simon, my boy, how was it?"

"Well, there was one great big black dog with white ears, and a brass collar, and one little black green dog, what hadn't no man with him, and as—"

"Come, come, Simon, don't talk so fast; you get every thing mixed up; stop and take breath a moment, and not blow so like a porpoise."

Well I want to tell you how one dog with the white ears got on one side of the meeting house, and the other meeting house with the yellow green ears got on one side of the dog, and the other he—no, no, the white dog with the yellow ears, he gin a yelp at the other meeting house, and the other, the other dog, dog—O dad, I'm give out; there was't no dog at all!"

SUN AND AIR.—A cross grained, antiquated maiden vixen went to a physician for advice. "Madam," observed the doctor, "It seems to me that it would do you good to have a little sun and air."

"Oh, you abominable critter! a son and heir! Oh, dear! will somebody fan me!" I shall go off! The outrageous brute! The old maid vamped, and has not since been seen.

## Rheumatism Cured!!

THE unequalled success which has attended the use of MORTIMORE'S RHEUMATIC COMPOUND AND BLOOD PURIFIER, in effectually curing the severest and most inveterate cases of INFLAMMATORY AND CHRONIC RHEUMATISM, is a sufficient guarantee and recommendation to induce all who are afflicted with this dreadful disease to try it at once.

Thousands of cases, many of them citizens of St. Louis and others from abroad, have been cured within the last few months in the city of St. Louis alone, while letters from agents abroad show, also, that it is performing the same wherever tried. Many of these chronic cases of long standing, and all hope of recovery had been given up. While others were of more recent date, of the acute inflammatory form, very severe. All, however, yielded to the wonderful virtues of this medicine, and thousands who have realized its benefits, and are now in the enjoyment of health, can but esteem the original discoverer and proprietor, a benefactor of mankind.

It is well known from the experience of the past, that no outward application can possibly effect a permanent cure of this dreadful disease. By the application of stimulating liniments, partial relief, in some cases, may be obtained for a short time. But all the while this disease is fixing its grasp more permanently in the system, and sooner or later will again develop itself in a more dreadful form, and after a few periodical returns, it settles into a chronic form, which, if not soon arrested, endures the individual for life. This is verified by the history of the past in all countries, and more fully demonstrated by the history furnished of late to the proprietor of this Compound and Blood Purifier, in an interesting and comprehensive letter, in which the disease first originated, and, in purifying the blood passes through the whole system, neutralizes the impure, or causes redness which has settled upon the membrane muscles and tendons—removes it entirely from the system, and restores the individual to perfect health.

Let those who are afflicted not deceive themselves, and put off until their limbs are dislocated or contracted to such a degree that they are cripples for life. The experience of hundreds of thousands during the past, as well as a multitude at the present day, demonstrates the fully of exposing permanent relief from external application.

The proprietor of this valuable medicine knows, from experience, that a permanent cure, where this disease is firmly fixed in the system, he can and does prepare and apply embrocation in very acute cases, which will give relief in one hour's time, but this will not effect a permanent cure. The nature of this disease is such that it requires longer time, and an internal remedy, to produce the desired effect. Mortimore's Rheumatic Compound and Blood Purifier is the only remedy that has ever been discovered, either in America or any other country, that will effectually cure this disease.

The medicine can be had, wholesale or retail, at the Medical Depot, corner Third and Vine Sts., opposite Barham's City Hotel, St. Louis, Mo.

## RHEUMATISM CAN BE CURED BY THE PROPER USE OF MYERS' EMBROCATION!

THIS sovereign and effectual remedy for that painful disease, was discovered upwards of sixty years ago, by the Grand Father of the undersigned, (a German Physician of his day) and has never been made known out of his family.

Its incredible cures have astonished thousands who have witnessed its power over that disease. Unfortunately, despairing invalids, who have been bed-ridden for years, have been restored to the enjoyment of perfect health. It baulches all pain in a few days, and its efficacy is gradually realized by the patients being able to resume their usual avocations, after having suffered in torments for months and years. The wonderful success of the EMBROCATION, in curing the worst cases of Rheumatism, has acquired for it a celebrity unprecedented, and its fame originated from its own merits. It never has failed to cure Rheumatism, either inflammatory or chronic, and I feel safe in saying it never will fail if fairly tried. I pledge myself to refund the cash to any person who uses it properly without being benefited thereby. You who are afflicted may have tried every other remedy but this. Try it, and if it does not cure, it will not cost you anything. By this rule I desire it should be used.

Persons are warned to be on their guard of whom they purchase, as several mean attempts have been made to procure the benefit from which this medicine is prepared. The proprietor deems it his duty to say to the afflicted, that he will furnish travelling agents with written authority for depositing it. My name is on each bottle, and none genuine unless prepared by HENRY C. MYERS, Fayette, Missouri.

EVIDENCE OF ITS EFFICACY. Read this story of the Embrocation who have testified can only be quoted here.

From Elders T. M. ALAN and M. P. WILKE, Boone County, Mo., August 21, 1848. This is to certify, that we have used "Myers' Embrocation" in our families with entire success, and we hereby take great pleasure in recommending to any who may be afflicted with Rheumatism as this most sovereign remedy.

T. M. ALLEN, M. P. WILKE.

Sparsburg, Ill., February 20, 1848. This is to certify, that I am cured of a severe attack of inflammatory Rheumatism, from the use of one bottle of your Embrocation, and hope every fellow-sufferer will use it, for their is no doubt but it will cure any case, however violent this I can safely assert after using it myself.

Yours, Respectfully, DELORES BROWN.

HENRY C. MYERS, Fayette, Mo., Editor of the Missouri State Metropolis, speaks of the Embrocation as follows, in his paper: We desire to call the particular attention of all persons afflicted with Rheumatism to this very valuable medicine. One bottle we believe, will cure any case, however violent.

The senior editor of this paper, during the last winter and present spring, suffered so much from Rheumatism that he was unable to move, and he was confined to his bed, or even to his chair, for several weeks. A part of a bottle cured him in a few days. His son was also afflicted with the same dreadful complaint, and suffered the most excruciating pain until an application of the Embrocation was made, which effected an entire cure.

Col. Minor of this city, also had a severe attack of Rheumatism this spring from which he suffered severely, and which confined him to his bed for several weeks. Nothing gave him any relief until he sent to Rocheport, for a bottle of your Embrocation, and gave it to a neighbor whose wife had been confined with Rheumatism of the leg, and he cured her.

Dear Sir:—At your request I called at Rocheport on my return home, and got a bottle of your Embrocation, and gave it to a neighbor whose wife had been confined with Rheumatism of the leg, and he cured her. The effect is so self-evident, that if you see proper, you can send me 50 bottles, as I can dispose of it now that it has been tried here.

Yours, Respectfully, W. L. WATKINS.
